PERMANENT MOUNTING

HOLDS STRONG,
LASTS LONG

- No cut-design, installation templates and 180° pivoting flanges provide an easy, secure installation – even on uneven wall surfaces
- Decorative covers snap on easily to conceal flanges and hide holes from previous shower rods

Permanent Mount — Single Rod

- Adjustable design fits shower enclosures between 54-in. and 72-in.
- Provides up to 7.5-in. of additional elbow room
- Weight load capacity of more than 120 lb. (based on independent lab testing)
- Stainless Steel construction
- Corrosion-resistant
- Works with standard 72-in. x 72-in. shower curtains

Permanent Mount — Double Rod

- Double rod adds function – allows user to separate curtain from liner or to hang towels or other items
- Adjustable design fits shower enclosures between 57-in. and 60-in.
- Provides up to 5.5-in. of additional elbow room
- Stainless Steel construction
- Corrosion-resistant
- Works with standard 72-in. x 72-in. shower curtains

TENSION MOUNTING

INSTALLS AND
REMOVES EASILY

- Easy 1-2-3, tool-free installation: just expand the bar to the correct size, apply tension and snap on the decorative covers
- No “wall walking”
- Tension application means no holes in the wall to fix later

Tension Mount — Single Rod

- Adjustable length
- Provides up to 5.5-in. of additional elbow room
- Stainless Steel construction
- Corrosion-resistant
- Works with standard 72-in. x 72-in. shower curtains

Shower curtain rings and shower curtains are not included.
