Flush Finish Pocket Door System

The SlideSet Pocket Door System has been designed to provide the absolute minimum of detail giving the ability to completely conceal the door and give the impression that the door does not exist when open, and complete privacy when closed, adding a contemporary and architectural dimension to any project.

Description

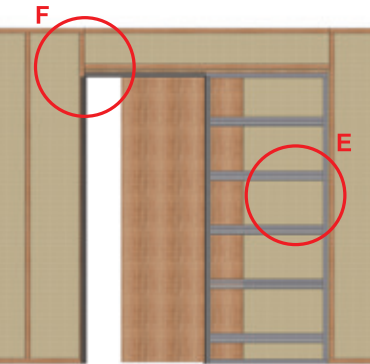

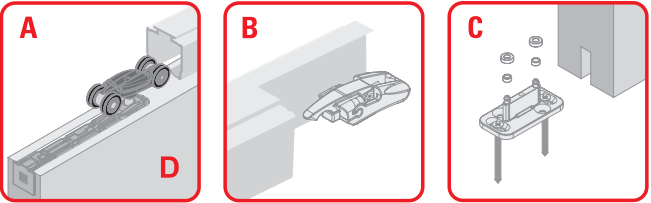

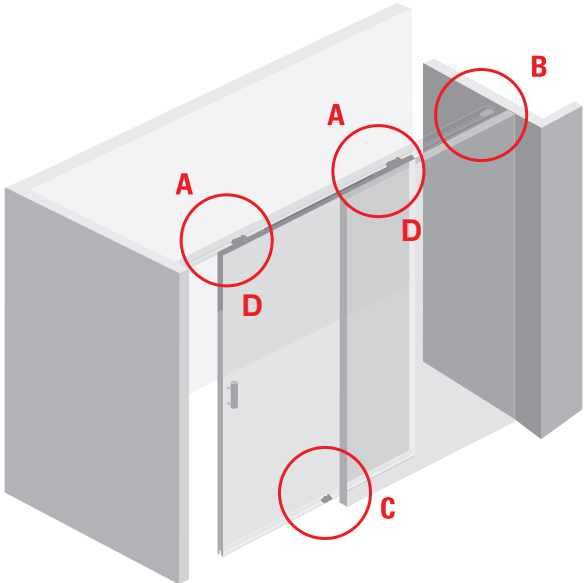

- Top sliding system for doors up to 178lbs
- Ideal for Pocket Door Applications

Features

- Hardware concealed in door providing minimum gap between door/track
- Mounting plates allow for 'lift-up' installation
- Stoppers with retention device installed inside track will retain door in position.
- Ball bearing high quality rollers and aluminium track will retain the door in position.

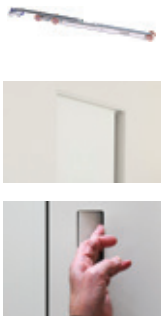

Standard Sizes

- Door Width: Max 48"
- Door Height: 120"
- Door Thickness: Max 1-3/4"
- Stud Size 3-1/2", 3-5/8", 5-1/2", 6"

Slideset Includes:

- 1 / **A** - Track
- 2 / **A** - Carrier Assembly
- 2 / **B** - Stopper with Retention
- 1 / **C** - Floor Guide
- 2 / **D** - Door Mounting Plates
- 1 / **E** - Pocket Door Assembly
- 1 / **F** - Cavkit Trim
 - 1 - Screws for assembly
 - 1 - Adjustment Tool

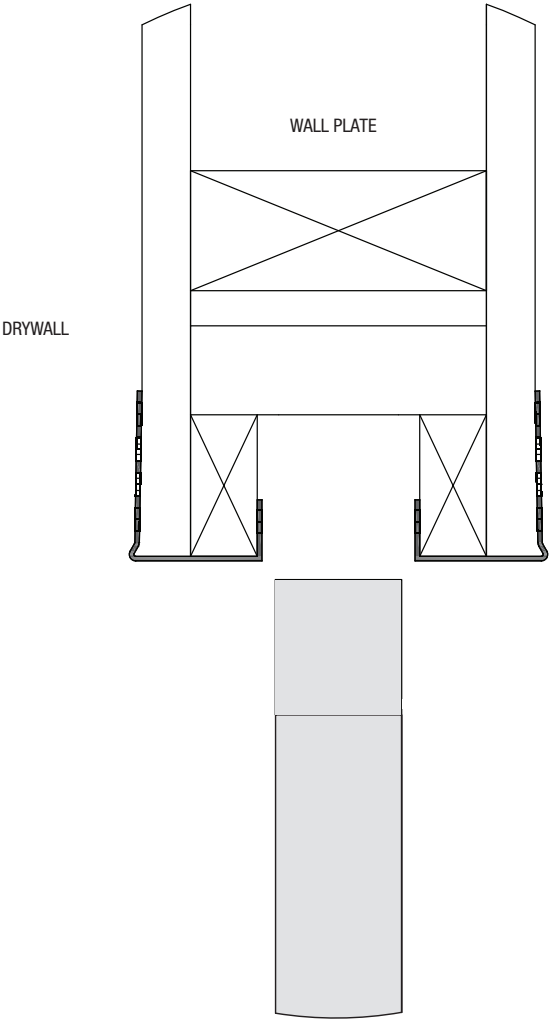

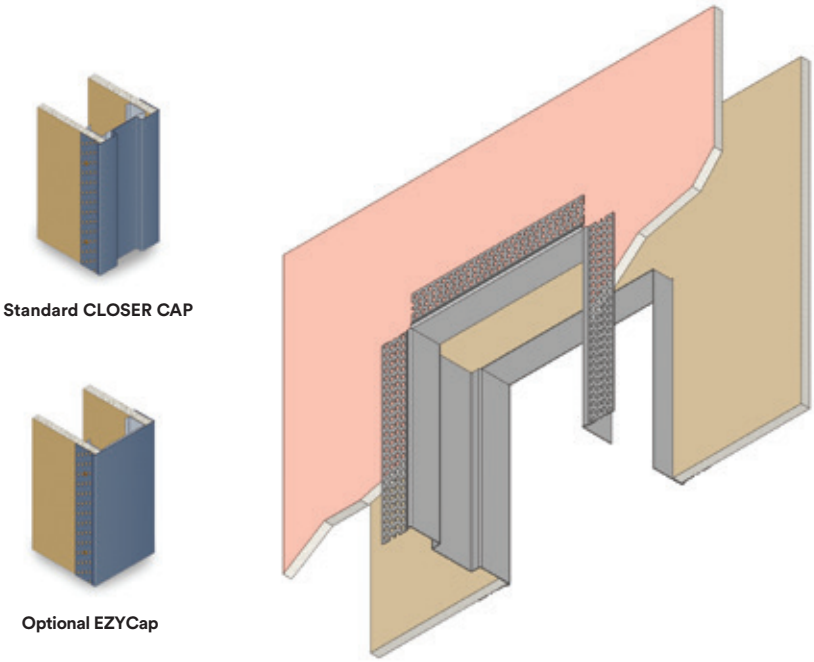

Options

Ez-Soft avoids doors from bumping and gentle door closing

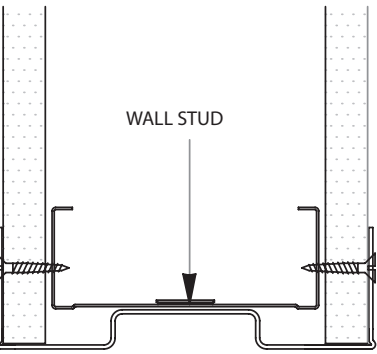

Complete the kit by selecting a solid core paint grade door prepared for the SlideSet assembly

No-Ha concealed flush finish pull to complete the minimalist package

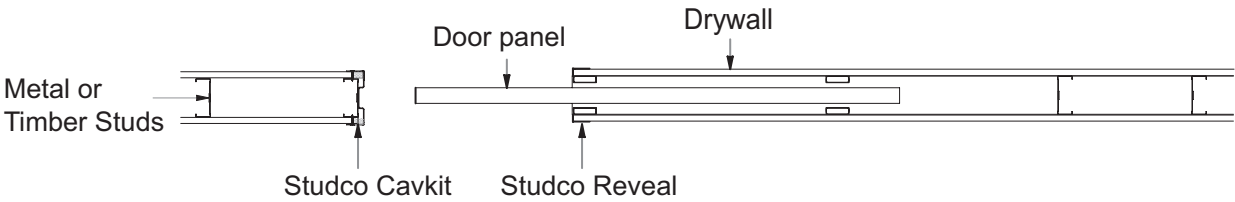

CavKit can be used to transform standard pocket doors into trim free, flush finish pocket doors. This also complements and tones in with the EzyJamb® flush finish door jamb system.
